

They loved NFTY Convention. Now what?

This report shows the teens from your congregation who attended NFTY Convention 2017 and which URJ Youth program(s) they are registered for this summer.

There are many ways you can work with your teens to help them extend their Convention experience!

Over four days at NFTY Convention, teens selected a social justice topic to learn more about and identified new ways to get involved. NFTY also launched a [Racial Justice Campaign](#). Here are a few ways you can support them in bringing this experience home:

- Invite them to speak from the *bimah*
- Create space for them to share their stories with younger teens
- Share resources on NFTY's social justice issues

[Check out resources, photos and videos from NFTY Convention to learn more.](#)

What's Next?

Know a great teen leader? Have a world-changer in your midst? **There's a URJ summer program for each of them.** Check out the programs below and speak with these teens about which program is right for them.
